PROFESSIONAL SUMMARY

Passionate Full Stack Engineer with proven experience at Verizon, specializing in building high-performance web applications using React.js and modern JavaScript frameworks. Spearheaded the development of the Event Manager platform, enhancing user efficiency and experience. Skilled in designing scalable UI architectures, integrating microservices, and collaborating across cross-functional teams to deliver impactful, production-ready solutions.

WORK EXPERIENCE

Engineer III Full Stack Developer

Verizon - Hyderabad, India

08/2023 - Current

- Led the **frontend architecture** for Verizon's Event Manager platform using **React.js**, improving UI performance and reducing latency by **35%**.
- Designed and implemented **microfrontend architecture** integrating Alarm Manager, Outages, Kirke, and Echo into a unified interface.
- Built **real-time, event-driven UIs** using **WebSockets** and optimized **REST APIs**, ensuring continuous and accurate alert updates.
- Developed **reusable React component libraries and custom hooks**, reducing duplicate code by **40%** and improving maintainability.
- Engineered and optimized **Node.js microservices** and PostgreSQL workflows to enhance system reliability and data consistency.
- Collaborated with **UX, backend, and SRE teams** to deliver responsive, pixel-perfect interfaces aligned with **enterprise design standards**.
- Improved **API documentation** and cross-team development efficiency using **Swagger** and standardized API contracts.

Software Engineer UI

Lemnisk - Bangalore, India

11/2022 - 08/2023

- Built **responsive, scalable UIs** for the CDP marketing platform using **React.js**, converting wireframes into user-centric dashboards.
- Developed **interactive data visualizations** to surface marketing insights and improve campaign performance visibility.
- Integrated **third-party APIs and marketing automation tools**, enabling real-time data sync and streamlined workflows.
- Collaborated with **UI/UX, product, and backend teams** to deliver consistent, high-quality user

experiences across modules.

Front End Developer

WeDigit - Bangalore, Karnataka

10/2021 - 11/2022

- Served as the **sole frontend developer**, leading end-to-end development of two flagship web applications using **React.js** and Ant Design.
- Built **responsive, scalable, pixel-perfect UIs**, translating UI/UX wireframes into high-performance interfaces across devices.
- Integrated **REST APIs** with backend services, ensuring optimized data flow and consistent application performance.
- Developed **modular, reusable React components** and maintained clean, scalable codebases under fast-paced startup timelines.

Full Stack Developer

Playpowerlabs - Ahmedabad, Gujarat

04/2021 - 09/2021

- I worked on Savvas learning project. In Savvas students can learn the subjects according to their grades with innovative assignments. In this project our team is working on assessment service on backend and test nav on frontend. In this team I am working on maintenance tickets in which I will check the user problems and solve the issue if it is on development side or will report the issue if the problem is related to SQE team.

Full Stack Associate

Attainu - Bangalore, Karnataka

05/2020 - 04/2021

- Maintained and enhanced the **Attainu website** (attainu.com), ensuring responsive design and optimal performance.
- **Mentored 20+ students** in React.js and modern JavaScript (ES6), guiding them through assignments, tests, and project evaluations.
- Led **7 full-stack capstone projects** for 14 students, providing technical direction and code reviews.

SKILLS

React.js, Next.js, JavaScript (ES6+), TypeScript

Redux, React Query, Context API, Custom Hooks

Node.js, Express.js, RESTful APIs, Swagger

Python

Mongodb, Postgresql

Docker, Postman, VS Code, Jira, Confluence

Git, GitHub, Bitbucket, CI/CD (Jenkins / GitHub Actions)

Javascript, HTML5, CSS3, Tailwind CSS, SASS, Material UI, Ant Design

Performance Optimization (lazy loading, memoization, code splitting)

EDUCATION

Bachelor of Technology: Computer Science

GITAM Deemed To Be University - Hyderabad

06/2015 - 05/2019

I graduated B.Tech with 8.5cgpa
